

Health & Safety Policy

STRACON will pursue excellence in Health and Safety performance across all areas of our business. Our objective is a workplace free of incidents and injuries.

Management will provide systems, training, supervision and support to enable us to achieve our objective.

STRACON shall:

- Communicate STRACON's Health & Safety Policy and procedures to all employees, clients, subcontractors, consultants and suppliers;
- Comply with all applicable health and safety laws, regulations and statutory obligations;
- Assess health and safety risks during all stages of our business;
- Develop and implement appropriate systems and procedures across our business, to eliminate or control hazardous tasks or operations;
- Investigate, correct and report all health and safety incidents;
- Audit and evaluate safety management systems to assist with improving our performance;
- Set measurable targets and maintain and monitor health and safety performance indicators;
- Reward our employees for exceptional health and safety performance, and;
- Annually review and revise our Health & Safety Policy and procedures.

It is responsibility of all personnel to achieve a healthy and safe workplace.
